

ALUMINUM (HARD) DUCT HOSE (Silver / White Color) (Corrugated Type)

Std. Length = 10 Feet (3 mtr.)
(Shrink & Compressed - Packing of 1 Mtr.)

Aluminum Duct Hose —Resistant to 150°C

Application:

This product is mainly used for ventilation system in kitchen room, sanitary ware, central air conditioner etc.

Features:

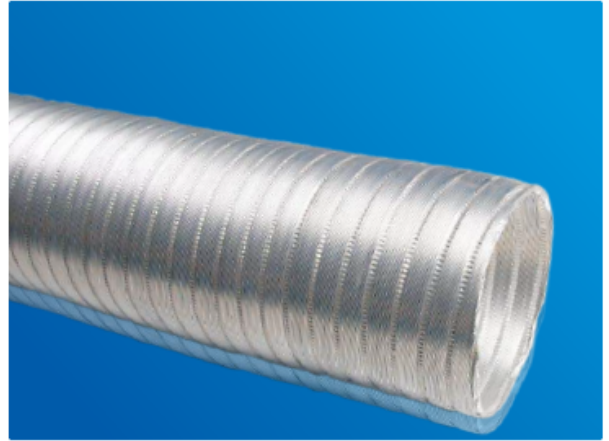

- ◆ Made of aluminum with thickness from 0.05mm to 0.15mm 9 corrugation or 4 corrugation are optional
- ◆ High flexibility and axial compressibility
- ◆ Extension rate is 1:3.7(9 corrugation) or 1:3.5(4 corrugation)
- ◆ Max air flow:30m/s
- ◆ In case of fire or high temperature, there is no toxic gas
- ◆ Flame and fire retardant
- ◆ Corrosion, mildew resistance

Material:

Aluminum

Working temperature range:

-20°C to +150°C.
